

Personal Resume

Personal Information

First and Last Name: Behzad Imani

Employment Status:

Educational Department: Operating Room

Academic Rank: Associate Professor in Nursing

Contact Number:

Address :Faculty of Para medicine, Department of Operating Room, Hamadan

University of Medical Sciences, Hamadan, Iran

Email: behzadiman@yahoo.com

Educational Information

Specialized or Professional Doctorate: Nursing Education

Thesis or Dissertation Title: Development and psychometric properties of emotional intelligence tool for clinical nurses

Year of Graduation: 2017

Master's Degree:

Thesis Title:

Year of Graduation

Bachelor's Degree:

Year of Graduation:

Associate's Degree:

Year of Graduation

Executive Records:

1. Metron of Atieh Hospital, Hamadan
2. Director of Atieh Hospital, Hamadan
3. Educational Assistant of Hamadan Social Security Treatment Management
4. Dean of Asadabad Faculty of Medical Sciences, Hamadan
5. Dean of Hamadan Faculty of Geriatric Medicine
6. Director of the Operating Room Department, Hamadan University of Medical Sciences

Membership in local, provincial, national, and international associations and societies:

Educational Records:

Teaching Records:

Theses:

Research Background

Research Interests:

Published Books:

1. **Key points in ICU and CCU in a quick way (book) 2013**
2. **Highlights on Skin Care and Scars Quickly (book) 2012**
3. **Pain Nursing Measures in Coronary Artery Surgery (book)**
(Hamedan University of Medical Sciences Vice-Chancellor for Research, No. 227/61 / 82-105) 2003

Published Articles:

1. **2025. Explaining the Stress Factors in Patients Undergoing Brain Tumor Surgery: A Conventional Content Analysis Study. Iranian Journal of Psychiatric Nursing (IJPN) Original Article, 12 (6)**
2. **2025. An Exploration In to the Challenges of Self-care Practice among Diabetic Amputation Patients: A Phenomenological Study. Avicenna journal of Care and Health in Operating Room**
3. **2025. Explaining the Phenomenon of Therapeutic Deadlock in Infertile Women: A Qualitative Phenomenological Study. Obstetrics and Gynecology International Volume 2025, Article ID 7574541, 8 pages.**
<https://doi.org/10.1155/ogi/7574541>
4. **2025. The effect of isoflurane versus propofol-based total intravenous anesthesia on hemodynamic stability, intraoperative blood loss, surgical field quality, recovery characteristics, and complications in patients undergoing posterior lumbar fusion surgery: a randomized clinical trial. BMC Anesthesiology(2025) 25:373.**<https://doi.org/10.1186/s12871-025-03254-0>
5. **2025. The Effect of Three Suture Techniques for Closure of Total Knee Arthroplasty: A Clinical Trial Study. The Journal of Knee Surgery.**
6. **2025. Unveiling the Veil of Silence: Exploring Challenges in Error Reporting among Operating Room Interns. Journal of Qualitative Research in Health Science, 14(1)**
7. **2025. Identification of Factors Affecting Prostate Cancer Using Machine Learning Methods: A Systematic Review. Asian Pacific Journal of Cancer Prevention APJCP, 26(5):1519-1528**
8. **2025. Efficacy of tailored educational interventions in changing conflict management strategies among operating room staff. Work, 80(4):1754-1760**
9. **2025. Bridging the Skills Gap: Insights and Recommendations for Updating Medical Biotechnology Master's Curriculum in Iran. Avicenna Journal of Medical Biotechnology, 17(2):147-156**
10. **2025. Effect of tranexamic acid dissolved in warm, cold, and room-temperature irrigation fluid on complications during and after TURP surgery: a double-blind, randomized clinical trial. African Journal of Urology.31(1)**
11. **2025. A cross-sectional study on dimensions of low back pain in Hamedan Hospitals. Perioperative Care and Operating Room Management.38**
12. **2025. A comparative study of lumbar spine stabilization with 2-stage surgery and cement augmentation in osteoporosis patients: a randomized clinical trial. Scientific Reports.15(1)**
13. **2025. Risk factors analysis and risk prediction model for failed back surgery syndrome: A prospective cohort study. Heliyon.11(1),e40607**
14. **2025. Predicting Factors Affecting Survival Rate in Patients Undergoing On-Pump Coronary Artery Bypass Graft Surgery Using Machine Learning Methods: A Systematic Review. Health Science Reports.8(1)**
15. **2025. Adherence to Radiation Protection Principles in the Clinical Environment among Anesthesia and Operating Room Nursing Students: Implications for Educational Interventions. Open Nursing Journal.19:**

16. 2025. Developing a Self-Care Pattern of Heart Valve Replacement Patients: A Grounded Theory Study. *Pakistan Heart Journal*.58(1):44-50
18. 2024. Investigating the effectiveness of teaching on motion pictures on learning hand disinfection in Hamadan operating room nursing students in 2024: A health services research. *Horizon of Medical Education Development*
19. 2024. Effect of Anesthesia Type on Pain and Hemodynamic Parameters in Cesarean Section Surgery: Randomized Controlled Trial. *Zahedan Journal of Research in Medical Sciences*, 26 (4)
20. 2024. The lived experiences of operating room nurses from the surgery on COVID-19 patients: a phenomenological study. *Perioperative Medicine*
21. 2024. Exploring stress management strategies among emergency medical service providers in Iran: a qualitative content analysis. *BMC Emergency Medicine*.24(1)
22. 2024. The effects of team-based and task-based learning methods in the clinical area on the results of clinical evaluation in operating room students. *Navid No*, 27 (89).
23. 2024. Operating Room Nurses' Lived Experience of the Phenomenon of "Retained Surgical Items" In Patients' Bodies: A Phenomenological Study. *Navid No*, 27 (90)
24. 2024. The Effective Factors in Improving the Clinical Learning of Operating Room Students in Iran: A Qualitative Study. *Qom University of Medical Sciences Journal*
25. 2024. Translation and Validation of the Persian Version of the Wisconsin Quality of Life Questionnaire (Persian WISQOL) for Kidney Stone Patients. *Avicenna journal of Care and Health in Operating Room*
26. 2024. Nursing Students' Performance and Feedback on Two Clinical Evaluation Methods in Operating Room: A Quasi-Experimental Study. *Educational Research in Medical Sciences*, 12 (1)
27. 2024. Evaluation of risk management status in selected departments of educational hospitals of Hamadan University of Medical Sciences. *International Journal of Risk & Safety in Medicine*, 1-15
28. 2024. Explaining the Experiences of Operating Room Nurses from Surgery of Patients with Blood-Borne Diseases: A Phenomenological Study. *Avicenna journal of Care and Health in Operating Room*
29. 2024. Prevalence of Musculoskeletal Disorders and its Association with the Work Ability Index among Staff Working in the Operating Room of Governmental Hospitals in Hamedan, Iran. *Iranian Journal of Ergonomics*
30. 2024. Elucidating the Lived Experiences of Operating Room Nurses Regarding Moral Intelligence: A Hermeneutic Phenomenological Study. *Iranian Journal of Medical Ethics and History of Medicine*.
31. 2024. Using Two Types of Training Methods to Manage Latent Anxiety in Surgical Technology Students in the Operating Room. *Iranian Journal of Medical Education*
32. 2024. Challenges and advantages of electronic prescribing system: a survey study and thematic analysis. *BMC Health Services Research*.24(1)
33. 2024. Operating Room Nurses' Lived Experience of the Challenges Arising after Admitting Emergency Patients: A Phenomenological Study. *Journal of Payavard Salamat*.18(4):321-330
34. 2024. The comparison study of laminectomy with unilateral and bilateral pedicle screws fixation and laminectomy alone without fusion inter body in young patients with lumbar spinal stenosis: A randomized clinical trial. *Heliyon*.10(15)

35. 2024. Roles of Two Learning Methods in the Perceived Competence of Surgery and Quality of Teaching: A Quasi-experimental Study among Operating Room Nursing Students. *Journal of Advances in Medical Education and Professionalism*.12(3):180-188
36. 2024. The Effect of Benson Relaxation Technique and Lavender Aromatherapy on Anxiety and Hemodynamic Indices of Patients Undergoing Coronary Artery Bypass Grafting: A Randomized Clinical Trial. *Journal of Holistic Nursing and Midwifery*.34(2):167-176
37. 2024. Evaluation of risk management status in selected departments of educational hospitals of Hamadan University of Medical Sciences. *International Journal of Risk and Safety in Medicine*.35(1):75-89
38. 2024. Comparing the effects of acupressure and aromatherapy with peppermint essential oil on the quality of recovery of patients undergoing laparoscopic cholecystectomy: A randomized controlled trial. *Journal of HerbMed Pharmacology*.13(1):111-119
39. 2024. Jackknife versus Lithotomy Position for Hemorrhoidectomy Surgery: A Randomized Controlled Trial. *Scientific Journal of Kurdistan University of Medical Sciences*.29(5):76-87
40. 2024. Comparing the effects of intercostal and subcostal flank incision on post-operative pain and incisional hernia or bulge in patients undergoing open kidney surgery: A randomized clinical trial. *International Journal of Abdominal Wall and Hernia Surgery*.7(4):165-170
41. 2024. Comparison of the Pfannenstiel and Lower Midline Incisions in Simple Open Prostatectomy. *Avicenna Journal of Clinical Medicine*.31(1):12-18
42. 2023. Patient Safety Culture and Spiritual Health in the Operating Room: An Iranian Exploratory Qualitative Study. *Journal of Religion and Health*.62(4):2359-2374
43. 2023. The Effect of Low-Pressure Pneumoperitoneum with Active Evacuation on the Severity of Shoulder Pain in Patients Undergoing Laparoscopic Cholecystectomy. *Journal of Advances in Medical and Biomedical Research*.31(146):221-229
44. 2023. The effects of Trendelenburg Position on Patient Care during Open Radical Prostatectomy: A Randomized Controlled Clinical Trial. *Evidence Based Care Journal*.31(1):70-77
45. 2023. Comparing the intraoperative and postoperative complications of the scalpel and electrocautery techniques for severing the inner layers of the lumbar disc during discectomy surgery. *Frontiers in Surgery*
46. 2023. Technical Comparison of Three Surgical Methods: Open, Semi-closure, and Primary Closure in the Treatment of Pilonidal Sinus. *Avicenna Journal of Clinical Medicine*.30(3):179-186
47. 2023. Effect of Postoperative Trendelenburg Positioning in Reducing Shoulder Pain after Laparoscopic Cholecystectomy. *Avicenna Journal of Clinical Medicine*.30(3):143-148
48. 2023. Comparing the Training of the Mass Casualty Incident Triage by the Virtual Workshop and Non-virtual Workshop (Face-to-face) on the Nursing Students' Learning and Satisfaction. *Health in Emergencies and Disasters Quarterly*.8(4):261-268
49. 2023. Effects of ginger and ondansetron on intra and postoperative nausea and vomiting in cesarean section under spinal anesthesia: A double-blinded randomized clinical trial. *Journal of HerbMed Pharmacology*.12(4):585-591
50. 2023. Comparison of Two Methods of Simple and Continuous Plastic Subcutaneous Suture in Appendectomy Wound Healing. *Avicenna Journal of Clinical Medicine*.30(2):114-120
51. 2022. Adolescent transport and unintentional injuries: a systematic analysis using the Global Burden of Disease Study 2019. *The Lancet Public Health*.7(8), pp. e657-e669

52. 2022. Effects of Inhalation Aromatherapy with Rosa damascena (Damask Rose) on the State Anxiety and Sleep Quality of Operating Room Personnel during the COVID-19 Pandemic: A Randomized Controlled Trial. *Journal of Perianesthesia Nursing*.37(4):493-500
53. 2022. The effects of task-based learning and mentorship on the perceived surgical competency and clinical education condition of surgical technology students. *Nursing and Midwifery Studies*.11(3):183-189
54. 2022. Prevalence and Clinical Characteristics of Low Back Pain among Operating Room Personnel: A Cross-Sectional Study in South of Iran. *Frontiers in Surgery*
55. 2022. Injury burden in individuals aged 50 years or older in the Eastern Mediterranean region, 1990-2019: a systematic analysis from the Global Burden of Disease Study 2019. *The Lancet Healthy Longevity*.3(4):e253-e262
56. 2022. Behzad Imani, Shirdel Zandi, Mehrnush Mostafayi, Farzad Zandi. Presentation of a model of the work engagement in surgical technologists: A qualitative study. *Perioperative Care and Operating Room Management*, 26 (2022) 100235. <https://doi.org/10.1016/j.pcorm.2021.100235>
